Dear ALC Parents/Guardians,

This update is to inform you that we are diligently working on a plan to start school in a way that promotes safety and success for all of our students and staff. The most recent recommendations from the Governor's Office provide some flexibility, and we want to make sure we consider the available data and weigh our options carefully before committing to a plan. With a smaller student population and some students who have chosen to continue distance learning, we do have an advantage with regard to social distancing and other required protocols. Please rest assured that we are working on a plan, and we will get back to you early next week with more details.

Thank you for your patience and understanding.

Mrs. Curran
