"WE MAKE A DIFFERENCE FOR STUDENTS"

P (602) 485-0309
F (602) 485-9356

June 29, 2020

Dear ALC Families,

We hope this letter finds you safe and healthy. **Please take a minute to complete the survey linked below so that we can be prepared for how to best help you and your student.**

<https://www.surveymonkey.com/r/QWRYN7X>

We have been spending much of our summer preparing for the next school year. At ALC we are fortunate to have large classrooms with fewer students. In addition, we are taking many steps to promote the health and safety of our staff and students, which is our number one priority.

- We have ordered an acrylic shield for the front desk and rearranged the furniture to allow for social distancing.
- Masks are required for all students and staff. They must cover the nose and mouth snugly.
- No-touch thermometers have been purchased; all staff, student and guest's temperatures will be taken before entering the gate.
- No-touch hand sanitizer dispensers have been placed outside of each classroom and the front office. .
- We have purchased disinfectant sprays for classrooms, bathrooms, office and vending machines, to be used multiple times daily.
- We are purchasing signage about proper handwashing, social distancing, etc.
- Classrooms and restrooms will be thoroughly cleaned every evening.
- Teachers will be rearranging their classrooms to ensure ample space for social distancing.
- Students will not share supplies.
- Students are encouraged to provide their own hand sanitizer for personal use.
- ALC's Personal Growth Credit and Grading Policy will now be based on completion of work, rather than attendance.

We will be sending out another email as the school year gets closer with more details and updates. Remember, as the situation with COVID-19 is constantly changing, our plans will have to be adjusted to fit within CDC and government guidelines. That means that our plans will have to be reviewed and possibly changed several times throughout the next 12 months.

Although this year does look a little different, it is still our goal at Accelerated Learning Center is to make a difference for every student, and we are excited to make that difference for you!

We are still accepting students for the upcoming school year. If you have friends who are interested in an alternative to traditional high schools, smaller class sizes and an individualized graduation plan, please have them call the school to set up an interview.

Sincerely,

Mrs. Curran
Mr. Kabler
Mrs. Markham
